DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John G. Posa 20 October 2004 and 22 October 2004.

The application has been amended as follows:

- Reference numbers "62" and "64" have been added to Figure 6A.
- On line 8 of claim 18, the phrase "hand-positioning visual indicia" has been replaced with --hand-shaped positioner--.

Allowable Subject Matter

2. Claims 1 and 18 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 1 and 18 are allowable because of the apparatus with a base member including a hand-shaped depression/hand-shaped positioner as set forth in the claims. None of the prior art cited discloses an apparatus that incorporates the use of a base member including a hand-shaped depression/ hand-shaped positioner to permit placement of a palmar surface. Therefore, in view of the Board decision, and in view of what has been stated above, the claims are allowable over the art of record.

Art Unit: 3724

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
